Description :

Prsentation de l'diteurTony James Slater knew nothing about Australia.Except for the fact that hed just arrived there.The stage is set for an outrageous adventure: three people, one van, on an epic, 20,000 mile road trip around Australia.What could possibly go wrong?Of course, the van nicknamed Rusty is a crumbling wreck, held together by the worlds most garish paint job.Theyre criss-crossing the continent through some of the most inhospitable land on the planet the infamous Aussie Outback.And isnt there something about Australian animals being well, you know, kind of dangerous?Unprepared, under-qualified and hopelessly inept, Tony battles gigantic pumpkins, mechanical mishaps and suicidal kangaroos, armed

only with a thong and a sense of humour. His companions struggle to keep him safe whilst climbing in drag, snowboarding off cliffs, and hiking hundreds of miles through the bush. One thing for sure; this adventure of a lifetime if they survive it is something they're never going to forget. So, scull those stubbies! Grab your galahs! And put down that platypus. LOOK OUT, AUSTRALIA! There's an idiot coming.
