## Description :

Prsentation de l'diteur'There are always regrets in life, among them things we've done that we wish we could take back and erase. I have significant ones that will haunt me forever and which I hope I have been brave enough to confront in this book' Jane Fonda in the preface to My Life So Far.Now in her 60s, Fonda looks back over her life but also forward to the future. With unflinching honesty she addresses, amongst other things, her tragic and tortured relationships with her mother and father; her lovers and husbands, from Roger Vadim to Ted Turner; her passions and political views. The result is rare in its readability and sheer page-turning force. This is a powerful account of an extraordinary woman..comOne of the most recognizable women of our time, America knows Jane Fonda as actress, activist, feminist, wife, and workout guru. In her

extraordinary memoir, Fonda divides her life into three acts: her childhood, early films, and first marriage make up act one; her growing career in film, marriage to Ted Turner, and involvement in the Vietnam War belong to act two; and the third act belongs to the future, in which she hopes to "begin living consciously," and inspire others who can learn from her experiences. Fonda reveals intimate details and universal truths that she hopes "can provide a lens through which others can see their lives and how they can live them a little differently." Exclusive Letter from Jane Fonda
